NGJC Holiday Party Sunday, December 16, 2018 Time to Renew Jag Club Membership for 2019

LETTER FROM THE PRESIDENT

The Holiday Party invitations have gone out and we made it through another Thanksgiving. We are well on our way to the 2018 Holiday season.

I have a tradition of giving a Christmas (year) silver bell to the little ones in my family. It started when my girls were very young and has continued to the grandchildren. Well into the last daughter I realized it would have to stop somewhere and deemed that would be when that person graduated from high school. As it is I am still buying six this year and it will be seven next year. Yes, our youngest is having a baby in June 2019.

I now get a message during Christmas on how to display the bells when some of the girls have over thirty. I tell them I had the same problem and it may not end soon.

However, it is the end of my Presidency of the NGJC. We have accomplished a lot in the past two years, not the least of which was the International Jaguar Festival last fall. We have had a good year of fellowship and activities, and the Concours went off with very few bumps despite the lingering IJF blues.

I wish to thank all the members for their support

Everybody Loves A (Christmas) Parade!

Submitted by John Baxa

Club members Joe and Molly Switzer are planning to participate in this year's Cumming Christmas Parade, December 15th, and invite other club members to join them.

The Cumming Christmas Parade will be held during evening hours and will be a "lighted" parade, meaning floats and other entries should incorporate Christmas lights into their entries if at all possible. Please note, that all entrants are responsible for providing their own

lights and any means of illumination necessary, as well as all other decorations for entries. Representatives of City of Cumming, event sponsors, event workers and volunteers will NOT provide or be responsible for any decorative or illumination items.

The 2018 Cumming Christmas Parade is scheduled to begin at 5:00 p.m. on Saturday, December 15, 2018. Rain delays are possible but cancellation is not probable.

North Georgia Jaguar Club Business Meeting 2018

Submitted by John Hoffman

The Business Meeting and election of officers this past November went uneventfully and the proposed slate of officers was elected. We welcome Lynn Cunningham, Treasurer; Bill Flavelle, Member at Large; Dave Kirkman, President and Terry Mathewson, Vice President Concours as new officers and members to the Board of Directors. They will take their new positions effective on January 1, 2019.

The activities for 2019 were tentatively scheduled to be researched and confirmed at our Board Meeting on January 19th. There will be an activity in January and

should be posted soon in this newsletter.

We are considering an overnight activity this year, as requested by several members. Please let Dave Kirkman or John Hoffman know if you have any suggestions. The space museum in Huntsville, AL. has been suggested, a 3 to 4-hour drive on back roads.

Dave Kirkman and John Hoffman will informally plan the activities this year as no one has volunteered for the position. We could use the members' help in suggesting activities for this 2019 and 2010.

Time to Renew Jag Club Membership for 2019

Submitted by John Baxa

The 2019 membership dues for NGJC of \$54 are due by January 1. If you are going to renew your membership for 2019, please mail your dues by the middle of December. If you know you are not renewing, a quick e-mail to John Baxa jwbaxa@mindspring.com would be appreciated so that our e-mailing of the roster to JCNA will not be delayed. We have to send a roster to JCNA with dues payments for each member on the roster in early 2019 so it is very important that we have all our dues collected by January 10.

There are now three ways to pay: by check, major credit card, or by PayPal. Please note that you do not need to have a PayPal account to pay by credit/debit card. If paying with PayPal, please go to www.ngjc.us and click on the Membership tab at the top of the page and follow the directions. Or, if you want to pay for the Christmas Party and your membership at the same time go to the Calendar tab then click on NGJC Christmas Party and you can then pay for both.

If paying by check, please make your check payable for \$54 to the North Georgia Jaguar Club and mail it to

these last two years, anything we accomplished was a team effort. I know you will continue to support our new slate of officers this year. Have a very Happy Holiday.

Hilton Head Concours d'Elegance 2018

Submitted by John Hoffman

Several of our club members attended and/or participated in the Hilton Head Concours on November 4th & 5th.

Jim Davis showed his 1960 Jaguar Mk IX and Ivan Ruiz his 1970 Maserati Ghibli Spyder, both shown in the pictures.

Allard was one of the feature marquees and pictured is a beautiful 1948 Mk1. The Allard was one of the first British produced vehicles to have an American power plant. It was also said to be the inspiration for Carroll Shelby's AC Cobras. He and Chevrolet Corvette chief engineer Zora Arkus-Duntov both drove Allards in the early 1950s.

The rain did cause some issues with the show on Sunday as well as the drive to Hilton Head for some people arriving on Friday. Reports of 6 to 7 hours in the rain were not unheard of. Sunday the awards ceremony was moved up to avoid the rain, but most still experienced a wet car and field.

Despite the weather, this was a good show and rumor has it that Jaguar will be one of the marquee brands next year. The JLR Savannah facility will probably be open and may be part of the Jaguar experience

Jaguar I-Pace Named Green Car Journal's 2019 Luxury Green Car Of The Year

(LOS ANGELES, CA.) – Thursday November 29 – Today at the Los Angeles Auto Show, the Jaguar I-PACE was named Green Car Journal's 2019 Luxury Green Car of the Year. The Jaguar I-PACE was recognized for raising the bar in environmental performance, while offering exceptional design, luxury appointments and driving characteristics.

For the past 14 years, Green Car Journal has been recognizing leadership in the automotive field at the LA Auto Show and now AutoMobilityLA, in addition to other noted auto shows. The magazine's expanded 2019 Green Car Awards™ program in Los Angeles recognizes the best-of-the-best 'green' models in three important and complementary categories through the 2019 Luxury Green Car of the Year™, 2019 Green Car of the Year®, and 2019 Green SUV of the Year™ awards.

"The all-electric Jaguar I-PACE delivers exactly what premium buyers want in an electric vehicle," said Ron Cogan, editor and publisher of Green Car Journal and GreenCarJournal.com. "With the elegant appointments, sportiness, and sophistication of a Jaguar plus the functionality of an SUV – and of course blazing

performance and a significant EPA rated 234 mile all-electric range – the I-PACE stands out as a deserving winner of 2019 Luxury Green Car of the Year™."

The Jaguar I-PACE midsize performance SUV is the first battery electric vehicle to be offered by the Jaguar

I-PACE is a natural progression of the well-established design language of the Jaguar brand and retains key characteristics which make it immediately identifiable as the newest member of the Jaguar brand's expanding 'PACE' family.

"We are honored to have the Jaguar I-PACE named 2019 Luxury Green Car of the Year by Green Car Journal," said Joe Eberhardt, President and CEO, Jaguar Land Rover North America, LLC. "As our first all-electric vehicle, the Jaguar I-PACE is a game changer for our brand, yet it maintains the stunning design cues, characteristics and breadth of dynamic capability that is inherent in our vehicles. It is fantastic to see our innovative technology recognized and celebrated by this prestigious publication."

The I-PACE underlines the Jaguar brand's dedication to technological advancement and is the first Jaguar to incorporate the intuitive Jaguar InControl® Touch™ Pro Duo infotainment system. It uses an innovative combination of

brand. The vehicle's bold proportions are a direct result of the advanced electric drivetrain and architecture that underpin the vehicle. The cab-forward profile of the

touchscreens, capacitive sensors and tactile physical controls to operate key functions while reducing visual clutter within the cabin. This new human-machine
