## Letter from the President

I counted 52 Jags at the Atlanta British Car Fayre in Norcross on September 7th. That must be some kind of a record! We far outnumbered every other marque including MG and Triumph. Michael Payne won Best of Show for his green 1966 Jaguar Mark 10. Payne told me he would be joining our Club in the near future.

The 2024 Southeast British Car Festival at the Dillard House was a huge success. The weather was a little too British for some registrants, but that did not deter Club members from attending. Although I don't have an official count, someone told me that there were 92 total cars; someone else thought the number was closer to 100 out of over 150 registrations.

I counted 10 Jags on the show field: 7 open top (convertible) & 3 closed top. I do want to recognize the Best in Class Jag winners: Bernard Wolters ('67 E-Type OTS) and Graham Messer who won Best in Class and Best of Show for his stunning '60 Jaguar MKII (4 door). The following won Outstanding in Class: Richard Ihns, David Benson, Glenn Lenhard, Tom Eicher, Phillip Cofer, and Steve Gladney.

# Distracted Driver Smashes Into Rare 1948 Jaguar Mille Miglia Car

Ryan Erik King, Jalopnik

The Mille Miglia used to be one of the most dangerous races on the planet. It's now a showcase for the beautiful machines that graced roads during the race's golden era. However, classic cars now face the dangers of the modern world, like drivers distracted by cell phones. A crash caused by a woman glancing at her phone heavily damaged a 1948 Jaguar XK120 before it reached the

start line of this year's Mille Miglia.

The crash took place during the Mille Miglia Warm-Up in Austria, Kronen Zeitung reports. Two Italians were driving the Jaguar just south of Salzburg on the Schwaital Landesstraße, a scenic road winding through the Alps, when a silver Opel Insignia heading toward them in the opposite direction crossed the center of the road

and into them. The driver and passenger in the XK120 climbed out of their crumpled machine with only a couple of scratches. The woman driving the Opel was extremely apologetic and admitted that she was looking at her phone when she pulled to the other side of the road.

It's believed that the Jaguar XK120 involved in the crash was one of the initial 242 cars produced in 1948. It featured a wood frame with aluminum body panels. Hopefully, the car can be rebuilt and still make the start of the Mille Miglia in June 2025. Organizers tightly restrict event entry to cars that entered the Mille Miglia between 1927 and 1957. The cars must also be in their original condition or restored to their original configuration, so the mechanics working on the Jaguar have a tall task ahead of them.

## Jaguar Responds To New Direction

*Editors Note: The following is a response to a local Jaguar customer's observations regarding the company's course to build only electric powered vehicles. We thought this might be of interest to the wider membership...*

## EURO 2024 October 19th - The Preserve at Verdae

For 2024 we are celebrating the European automobiles that have been born out of great collaborations across European countries and with countries in the New World and even Japan. Think Shelby bringing together British sports cars with American muscle to create the Cobra and Alpine Tiger. Think of all the beautiful Italian sports cars with American V8s powering them. (Like the Italian beauty with Ford powered, Pantera, featured on the official 2024 EURO poster.) There's also all of the American, French, German and British cars who's styling benefitted by a "nip and tuck" from Italian design

firms and coach builders. And, we're not forgetting the American and Japanese cars made better through Lotus Engineering (and others — Nash Healey, anyone?). We're calling the results of these special cross-boarder collaborations the Original Hybrids. To our knowledge, this is the first time a major automotive event has featured these automobiles.

### Where:

Embassy Suites - The Preserve at Verdae

# This Is the Last Jaguar F-Type Ever *So long, sweet prince.*

By Jeff Perez, Motor1.com

Pour one out for the Jaguar F-Type, one of the prettiest and most underrated sports cars of our time. We knew production was ending after Jaguar rolled out the 75 Special Edition in 2022, but now it's officially official: This is the last F-Type ever. Forever.

This F-Type pays tribute to the E-Type with a special paint job and a custom leather interior. The exterior is finished in Giola Green with a black soft top, and the interior sports tan Windsor leather. The final E-type from 1974 had the exact same configuration.

It's not just a sendoff for the car itself, but for Jaguar's

iconic 5.0-liter V-8 engine, too. Here it makes 444 horsepower, while more potent SVR versions had up to 575 horsepower. As Jaguar transitions to electric vehicles, with the first electric GT car scheduled for 2025, this is the last V-8 in Jaguar history.

But this particular car won't be available to customers. This F-Type will head to the Jaguar Daimler Heritage Trust in the UK. The trust has been around since 1983 and houses hundreds of rare Jaguar and Daimler models, dating as far back as the late 1800s.

Prior to production ending, Jaguar sent off its

beloved sports car with special variants like the 75 Special Edition, which had 567 hp. The ZP Edition was limited to 150 examples worldwide and paid homage to the E-Type with custom paint and racing roundels on the doors. And in 2020, Jaguar offered a Heritage 60 edition, which brought back the iconic Sherwood Green paint.

Jaguar sold 87,731 examples of the F-Type in its 10-year production run, 15,000 more than the E-Type ever did. And it will be missed.

## SAVE THE DATE:

Our Club Holiday Party will be on Saturday, December 7 from 2-4 pm at Nowak's Steakhouse in Sandy Springs.

We have a tentative menu of four choices of hors d'oeuvres:

Filet of beuf crostini's with blue cheese & balsamic • Chicken salad lettuce wraps • Shrimp cocktail with remoulade • Stuffed mushroom with spinach & artichoke

## For Sale: 2002 Jaguar XJ

Submitted by Rosalyn Bush

I am a 2002 Jaguar XJ owner. It has been my car since newly purchased and has 84,000 miles on it. I have all service records and have maintained it since my husband passed away. I am semi-retired and no longer need

the luxury of 2 cars.

I love this car and it shows in its condition. It is great for driving around town and short trips. It has always been a great car but I am downsizing my lifestyle and would like

someone who has an appreciation of this car to purchase it. Located in Sandy Springs.
